

Dental Hygiene Position Available in Speciality Practice

A unique full-time Dental Hygiene position is available in a speciality practice in Fredericton, NB.

Dr. Rinehart is a board certified dual specialist in both Orthodontics and Periodontics.

The position is most suitable for someone who sees dental hygiene as a career, rather than simply a job.

The position will involve being part of both an orthodontic team and a periodontal team. Scope of practice will include conventional periodontal therapy but also orthodontic procedures such as fitting bands, placing/removing braces and regular wire changes.

Dr. Rinehart also has a sub-speciality in the field of treating TM Joint related disorders. The new team member will also be involved in the management of these very interesting and challenging patients.

Bilingualism is an asset but not essential. What is essential is that the successful candidate becomes an enthusiastic, kind and gentle member of a well functioning team of 10 members.

If you feel you would like to be part of this dynamic and interesting team, please contact Wendy Gallop at wgallop@drinehart.com or by phone at (506) 458-1055.

Thank-you/Merci
