

CDHNS Quality Assurance Committee Decisions re: Assigning Credit Hours for Online Courses

Learning activities that support the member's specific learning needs and area(s) of practice will be considered. Refer to the [CDHNS CCP Requirements](#) to assist you in determining if a learning activity may be eligible for credit, and to determine the specific CCP category of the activity (Categories 1 to 3) — Section 2.3 covers the general expectations of *all* learning activities.

Section 6 provides specific details about the three categories. All online activities must meet the criteria to be eligible for credit hours e.g., most have a post-test that adequately covers the material. In addition to the general expectations noted above, below are a few sections of the CCP requirements that may be relevant to the course(s) you are considering:

- 3.1.5 (Formal Advanced Education Course or Programs)
- 6.1.5 and 6.3.2 (h) include criteria for individual self-study courses

Courses from the providers below are eligible for 50% of the credit hours indicated by the provider*	
Crest and Oral B (Proctor and Gamble)	http://www.dentalcare.com/ http://www.dentalcare.ca/
Colgate Oral Health Network (COHN) –CE related to article review	https://www.colgateoralhealthnetwork.com/ For COHN's courses that involve reviewing articles and completing the related post-tests, these are worth 50% of the credit hours stated.
RDHU: Does not meet CDHNS criteria unless it is one that includes a comprehensive post-test.	The RDHU is currently working on revising their online course delivery. When new courses are available, the Quality Assurance (QA) Committee will review them and update this table. <i>Please contact the CDHNS office directly for further information about the course(s) you intend to take.</i>
